PEPECIAL TELEGRAM TO THE DISPATOR.

BRADDOCK, May 26 .- There is quite war between some unknown persons and Supervisor Bowers, of Braddock township. The trouble originated over an attempt which has proven almost successful to take from the township a portion of the roadway lying west of Brinton station. On Saturday a gang of men set to work at this point and in a very short time had about 500 yards of track laid. When completed the workmen left unceremoniously, and nobody even knew who the originators of the scheme were. Some person was inclined to believe that it is parties who are not altogether favorable to the West

who are not altogether favorable to the Westlaghouse people who bought a large manufacturing site near the point.

This morning Supervisor Bowers appeared
with a force of men and succeeded in tearing
up the greater portion of the track. On their
return after dinner they were accosted with a
small army of Italians who were placed on
goard. Mr. Bowers and his men then retired
from the scene. To-morrow information will
be entered against those who attempted to delay the work of the Supervisor, who will make
another effort to reopen the road. It is expected that a lively time will ensue.

## FACTS VERY PLAINLY STATED

OUR MILLINERY DEPARTMENT! We don't need to dwell upon it at length, for the ladies of both cities already know pretty well what we've got in the way of artistic headwear. That our establishment is the recognized headquarters for every-thing new in the millinery line is a fact even conceded by would-be competitors. We leave all, however, to the refined taste and good judgment of the ladies, and are well satisfied to abide by their verdict. To those who have not yet patronized this department, we will only say that so far as novelties are concerned we have them at least two weeks ahead of any other house in the city. This is no boastful assertion, but a fact you can very readily verify by visting our stores. By coming to us you not only have the advantage of seeing the very latest conceits out, but we are in a position to save you money. Go where you may for Hats, Bonnets and Toques, trimmed or untrimmed, we guarantee our prices are lower than you can get in these two cities. We are proud to be in a position to make these assertions and establish the truth of them to all comers. A cordial invitation is extended to every reader of this card to visit our Millinery Department and see what we have out whether they want to Department and see what we have got, whether they want to purchase or not. If we can't do better by you than any other Millinery establishment, we will not expect your patronage.
